ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The number of deaths in the city of Rutland since September 1 has been 36.

The marriage licenses issued by the Montpelier city clerk so far this year number 35, against 53 last year, a gain of two.

The eighth annual convention of the Vermont State Bar Association, held at the Montpelier Hotel, was held on Wednesday night, the Poutney degree team exemplifying the work on three candidates. A banquet followed.

J. J. Dewey, of Quebec, was elected one of the vice presidents of the Home Market club at its annual meeting held at Boston Thursday, H. Carleton Slack, of Springfield, is one of the directors whose term expires in 1906.

The Free Baptist Printing Co. of Burlington with a capital stock of \$50,000 divided into 5,000 shares of \$10 each, has filed articles of incorporation in the office of the secretary of state at Montpelier.

D. Wilkie, president of the New England Fat Men's club, announces that the annual meeting of the association will be held early in December at Hale's Tavern, Wells River, the permanent quarters of the club.

Patents have recently been granted Vermonters as follows: Edgar C. Ellisworth, of Cambridge, assignor of one-half to C. C. Holden, Webster, Me.; Jeanette H. Macleay, of Brattleboro; Joseph S. Ploof, and C. J. Mongeon, of Burlington.

F. S. Pratt, of Brattleboro, the expert accountant employed by the commission appointed to investigate state institutions, has been at the industrial school at Vergennes for the past week looking over the financial affairs of that institution.

Leon Ford of Roxbury, who recently underwent an operation at the Mary Fletcher hospital for an abscess on the skull, is recovering rapidly and will be able to return home in a short time. Mr. Ford was a brakeman on the R. & L. division of the Central Vermont railway and about a year ago fell down a high embankment, injuring his head.

Rutland farmers are now getting anywhere from 65 to 75 cents a bushel for potatoes. There were not as many acres planted this year as in former years, and while a large amount of potatoes rotted in the ground, there is absolutely no danger of a potato famine. Rutland grocers say they can easily secure enough to satisfy the ordinary demand.

A Bennington despatch says that Charles H. Darling, former assistant secretary of the navy, expects to assume the duties of collector of the port at Burlington in about a month. Further than that will depend much upon the condition of his wife's health. She is now in a sanatorium at Clifton Springs, N. Y., being treated for a nervous complaint. It is not probable that the family will take up residence in Burlington before next spring, at the earliest, if they go to Burlington, which is not yet definitely decided.

Congressman and Mrs. D. J. Foster left Burlington Thursday night for Washington, where Mr. Foster will remain until the opening of Congress next month. He has considerable preliminary work to do and will devote his attention to that from now until the session opens. Congressman and Mrs. Foster have not yet decided where they will reside in Washington but will select quarters upon arriving there. Mr. Foster will be gone ten days or more and will visit his daughters before returning to Burlington. She will return to Washington next month.

Hay Fired by Heating.

The large hay barn owned by Sherb Lang, in Lyndon had a close call from destruction Sunday night. One of the boys drove home about ten o'clock that evening and noticed sparks in the hay through a place in the side of the barn where a board was off. The alarm was spread and a crowd of about 25 men were soon there, busy with water-pails and pitchforks. The fire was in the new part of the barn and at the bottom of the mow. About 20 tons was pitched out and the fire extinguished by two or three o'clock in the morning. The hay was damaged so as to be good only for bedding, but that was the extent of the damage. The fire had probably been smoldering for several days, as there was a large amount of chaff at the bottom of the hay, where the hay had been rotting and burning. The barn is a large one and was full of hay, cattle and horses.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up as it burrows are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents dandruff. Sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich.

Q. Church and later they filed with Judge Bingham in probate court papers making it possible to have Lang sent to the State Insane hospital at Waterbury for treatment. In their report to Judge Bingham the physicians say Lang is suffering from the effects of morphine and liquor combined, but make no recommendation. Judge Bingham has not yet taken any action in the matter.

Lang was in city court early in the week for being drunk. He claimed he was suffering from the effects of morphine but later after a trial he was found guilty. Sentence was suspended in the question of treating Lang came up and whether he will be kept or taken to the insane hospital depends upon the action of Judge Bingham.

Sandgate Boy Will Lose Leg.

As the result of an accident in Sandgate, Edward Clayton, a six-year-old boy, will lose a leg. He was playing on a pile of logs when a team was driven into the yard. The boy was caught between a log and the wagon, and his leg was so badly crushed that it was nearly severed from his body. Amputation followed.

Man's Unreasonableness

Is often as great as woman's. But Thomas S. Austin, manager of the "Republican" of Leavenworth, Ind., was not unreasonable when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by Red's Pharmacy and Parlor Drug Store. Price 50c.

Wouldn't Keep Hens Without It.

Every poultry keeper has his own ideas as to what is the best food for his fowls. All agree, however, that the food that will make their hens lay in cold weather is the most profitable. Mrs. E. H. Brown of Abbott, Me., expresses the ideas of many poultry keepers in the following letter: "I am sure I would not think of keeping hens if I could not get Page's Perfect Poultry Food for them."
